(Very Real) Guide

1. Bring headphones everywhere. You think you're going to talk to people— you won't.
2. If you haven't learned to swear yet, don't be the holdout. It is as fun as they tell you.
3. If you aren't aware of your pace, Walk. Fucking. Faster.
4. There are 2 types of people— Paranoid they always smell bad, and actually smells-bad. If you're worried, you're probably ok.
5. Everything will be fine. In 5 years.
